PHILIP MORRIS U. S. A.
INTER-OFFICE CORRESPONDENCE
RICHMOND, VIRGINIA

To: Mr. W. Longest
From: Mr. L. F. Meyer
Subject: Messrs. J. Van Harn & L. C. Jennings

Date: February 6, 1980

I wish at this time to recognize the contributions of Messrs. J. Van Harn and L. C. Jennings to the 3 mg Task Force. Both of these gentlemen have been highly instrumental in recommending and securing tobaccos for our blend development work. In addition both served very effectively on our smoke screening panels and in our product deliberations. Their contributions have contributed significantly to what success we have achieved to date on the program.

We greatly appreciate the opportunity of having representatives from the Leaf Department serve on our product development programs. Their input has been invaluable and a true asset towards moving our program forward rapidly. We look forward to continued liaison with your department.

L. F. Meyer
